Dear Pastor & Friends,

I love this time of year, fall, I love the cooler weather. Talk about what time it is, time for an update on my ministry. Before I get into my meetings of where I'm going or where I've been, let's talk about a new music CD. I have a dear friend of mine who pastors in Florida. He has a heart bigger than Texas. I go with him every year and usually there will be a night or two after the revival services, I'll be sitting at the piano still in a spirit of worship and Praise and I'll be singing and playing the piano. He'll come in and sit there on the front pew in that same spirit. We will look at one another just praising God for his presence in such a powerful way in the services. And once again, still meeting with us right there after the services in the auditorium somewhere around ten o'clock. Finally, some time will pass, neither one of us wanting to speak, not wanting this glorious time to end. He will look up and say, you have to do this, I'll say what, he will say, record a CD with you just sitting at the piano playing and singing. I personally would have never done this without his encouragement and persuasion. I would like to thank him and dedicate this CD to my good friend Jimmy Dean, what a blessing he is. ! Some of the songs on the new CD: Give Me Jesus, Without Him, In the Garden, His Eye Is On the Sparrow, Who am I, Stand By Me. and some others.

My last news letter, I was speaking of a dry and thirsty land, where many churches are today, but as we read in Psalm 63, my soul thirsteth for thee, my flesh longeth for thee in a dry and thirsty land. There are some churches that are still hungry and thirsty and still desiring the power of God to move in their church and praise God !It is still happening today. Glory! I have had the privilege to be in some of those churches where Revival has truly taken place.

New CD

One was in Albuquerque, New Mexico with Rev. John Boggs. Wow! What a time of revival we had where the spirit of God moved, some of the services going two hours or more, And yes, some coming to the altar before the invitation. I was looking back at the clock, I said something about the time and immediately a man reached up and took the clock off the wall, the crowd either clapped or broke out into laughter, there was no desire for the service to end. Testimonies were being given where hearts were being mended and joy restored in the lives of those wonderful people. Some standing up shouting!

Another great revival took place in Ruidoso, New Mexico with Dr. Randy Widener. Each and every service, God moving in such a powerful way, but not just in the lives of those wonderful people but in my life like never before!. I felt the presence of God in such a powerful way. I pray I'll never be the same. I sure love those folks.

Folks, yes we need souls to be saved but we desperately need Revival to sweep across the country like never before. And I believe it can and will happen if we truly desire it. But we must hunger for it, desire it, ask for it, pray for it and be open to it. The Bible says, search me with ALL YOUR HEART and I will be found. That means don't limit God, Let God be God.

Another great Revival in Overton, Texas with Rev. Mike Matlock. All of these I have already rebooked for next year. Please keep my ministry in your prayers. God is truly moving. A preacher sent this to me the other day. I love this. I want to see such a Revival that the Devil prays for the Rapture! In His service,

Dr. Allen Hatch
