Dear Pastor & Friends,

I received a phone call the other day from a wonderful lady who had also sent me a seven page letter that just blessed my heart. Two of my cassettes had broken that day. She said her and her husband listen to my music every day. She wanted to order those cassettes and one of every CD I have made. This dear lady began sharing with me, letting me know how my ministry 15 years ago had affected her and her husband's lives, and how they still listen to my music every day. Since then, they both have received the Lord as their personal Saviour and have become extremely active in their church. She had continued to share how God had used her and her husband in their different responsibilities in the church and around the town and the blessing they had received through those opportunities to serve God. There are too many to mention in this letter.

January and February, I was in and around the Memphis area with Dr. Bledsoe and a new church, the pastor Rev. Downing. We had a great Revival there and we have rebooked for next year. While I was there, in one of the services, another lady came up to me and asked if I remember her. I said I thought she looked familiar. She shared with me that her son was soon to graduate from Bible College. She said 8 years ago, he had surrendered to preach under my ministry in one of the services in Memphis. I don't know about you, but that blesses my heart that the seed that I planted 8 and yes, 15 years ago for the cause of Christ is still prospering.

I pray that this challenges you and also brings you to the realization that whether your singing, teaching, preaching, cleaning the building, whatever it may be for the cause of Christ, it will not go unnoticed by our Lord and Savior. You may not always see the fruit, but it's there.

That couple I mentioned is Walt and Carolyn Joiner. They live in South Carolina. They have sent out over one hundred and fifty letters to churches, trying to get me in their area to preach and sing. At this time, through their efforts, I have two weeks booked and it would not surprise me if it turns into a month. I ask that you would put Ms. Carolyn on your prayer list, that God might heal her body. She has many health problems; please remember her in your prayers. We need more dedicated workers like Walt and Carolyn Joiner.

March revivals every week. I was back in Joplin, MO with Southside Baptist Church. Sunday afternoon they had a brief ground breaking service, preparing to build a new building, due to the damage from the tornado destroying their building. Keep them on your prayer list in this difficult time. I was also in revival with Rev. Randy Tucker. I would ask that you might put this wonderful preacher on your prayer list as well. You would not know by running around with this preacher that he is as sick as he is. He is always positive, always upbeat, always seeking God's perfect will, and content in what that may be as he leads his church forward for the cause of Christ. He has a liver disease, it has 4 stages, 4 being the worst. He is in stage 4.

I also did some banquets in February, where some of the visitors that were present in the Red Oak area sure did look familiar. You never know who will show up!

At Landmark Baptist Church, we always have a wonderful Valentine banquet.

I just thought I might put a picture of the ladies that dressed up and served all the tables.

Please continue to pray for my ministry as God continues to open doors, and as I continue to preach and sing to those who are hungry

for God's will in their life.

In His service
