Dear Pastor and Friends,

Here we are in mid-Summer. I know this is a time where there are youth camps taking place and young people are making great decisions for Christ for full time service for salvation or rededicating their life to our Lord and Savior, it's a wonderful time. I am blessed as well, one to continue to staying busy and two, continue to see so many decisions for Christ. Just to share some of the places I've been and what is taking place in my ministry. I was with my good friends in Ruidoso N.M. once again earlier this year. Dr. Randy Widener and Ms. Vickie, who are some of the sweetest people you'll ever meet. One year we had nineteen saved, another year twenty-one saved and this year we had five saved, what a privilege it is to be able to minister to those fine folks. I continued in Revivals with Rev. Randy Tucker in Grand Praire, Texas where we always have a great time in Revival. Then onto Rev. Johnson in Snyder, Texas. He and his wife, Ms. Sarah once again sweet people. I was with them not only in Revival but also a fun time in February for a Valentine Banquet.

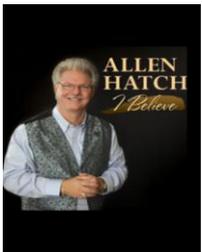

**Dr. Widener**

In between all of these revivals, I also took the opportunity to make a **New CD**.

As I was praying about songs to put on this new CD, I believe God laid each and every song on my heart, due to the fact that God used each song in my life to encourage me at one time or another, in a time of disappointment or hurt which we all deal with. It just so happens, the title of the CD is, I Believe.

Some of the songs: God on the mountain, Fall on my knees, Hear my heart, Had it not been, Thanks to Calvary, Thank you Lord for your blessing on me, and many others. I do believe this is the greatest assortment of songs for healing that I've put on a CD. You can listen to excerpts or purchase it on my Website:

Shortly thereafter, I went to minister in Georgia, Florida and South Carolina. I had a great time at each and every one of these churches. But the one in Florida had a special place in my heart. It was one that my father went to every year. I went there the first year or two in my ministry. The first time I went, I entered the Sunday night men's pray meeting before the service, one man after another came up to me and said your father always mentioned to pray for you. Oh how that touched my heart, I thanked each and every one of them for their prayers. (I am an answered pray.) I'm thankful to God that he didn't give up on me. That was special! To once again return, all these years later, they are wonderful folks.

The Revival meeting in Georgia was fantastic as well. We ended up extending the Revival due to the excitement of the people in the church. That was the first revival that I've had in Georgia, it was great! I wish all the Revivals were like that one, where when you come to the last night of the meeting, the people vote to keep it going. I couldn't stay much longer because I had another Revival to kick off. But there's no doubt the people in Georgia are awesome people.

**Rev. Dalton**

From there I went on to South Carolina to be with a man that has been nothing but a blessing to me since meeting him last year. Rev. Jerry Dalton, he is the real deal. He loves the Lord loves people, he is making a real difference in lives. Everyone was so kind to me, the pastor his wife, his family, the church, but there was a young man that took it upon himself to make sure that my display table was always presentable. Many thanks go out to Logan, a young man I believe to be somewhere around five. There were those that might look at some of my CDs. He would stand there and watch their every move and he would say: You mess them up, you fix them !

What A Blessing! Thank you for your prayers and support.

In His Service,  
Dr. Allen Hatch
