Dear Pastor and Friends,

I know this is a new year and I was blessed to be able to kick it off right. I was with my good friends at Bethel Baptist Church in Munford, Tennessee, in a Revival. Driving home Thursday from the revival, my daughter called me. She said Callie is full of question about heaven and hell; Shonda shared with me part of their conversation. I thought I would share with those that might read my newsletter part of the conversation. She said, Momma, I want to get saved and I want to go to heaven. Momma, can I say that other word. Momma said as long as we're **Callie and I** talking about it, you can. She said, Momma, I know there are some good people in hell. Momma said, there probably is. She said, I love Jesus and Jesus loves me and I want to go to heaven. I don't want to go to hell. I told my daughter I'll come over tomorrow and talk to her. The following day after arriving home, I had the privilege of leading my granddaughter to the Lord. The following Sunday, I was home due to a cancellation and that's alright, because I was able to Baptize my granddaughter.

Christmas Banquet

December, I was all over, singing and preaching and doing Christmas concerts and banquets. The picture you see, was three Churches got together in Nocona, Texas. We had a wonderful time.

November, I was in Florida for three Revivals and a church in Louisiana on my way home. We had eleven saved and three rededicated their lives in the first revival. To be honest, every revival in Florida this year was explosive. The last one, the pastor put it in the church minutes, it was the best revival the church had ever had. The spirit of God just met with us.

Brush Arbor

October, I was in three revivals, a brush arbor meeting on a Friday and Saturday and ending the month out, two different Church's on the last Sunday. They were all great revivals but I don't have room to talk about them all. But in Ruidoso, NM. we had fourteen saved and ten join the church.

Prayer Request: Please pray for my mother-in-law and all the family. My father-in-law was put in an Alzheimer's facility today. It is a very difficult time!
In His service,
Dr. Allen Hatch
